Dear Pupils at Primary School, Bratov Polancic,

We were very pleased to receive the video you prepared for the 2nd European Ministerial Conference on Alcohol and Young People, held in Stockholm 19-21 February 2001. Your video was shown at the Conference at which over 30 Ministers of Health from European countries and around 500 people were attending. They were able to watch the video and discuss the way in which you presented your thoughts and ideas on alcohol. The different ways in which the use of alcohol by young people was illustrated by the videos were frequently commented upon, (humor, information, contrasting lifestyle choices etc. ) as well as the creative way in which the presentations were made. The videos were greatly appreciated and many people asked for copies. Because of this we will be sending the video collection to all the countries in Europe which are members of the European Network of Health Promoting Schools.

The Conference was a success at many levels. If you want to see the highlights from the Conference, you should try to look at the "Young Minds" web page which you will find at <http://www.young-minds.net>.

The Conference was designed to inspire decision-makers in their decisions about the issue of alcohol and young people, so I am confident that your video will have an influence on their thinking.

I would like to thank you again for your contribution to the Conference!

With best regards,

Yours sincerely,

David Rivett  
Technical Adviser  
Health Promoting Schools
